

Lets get nusey:

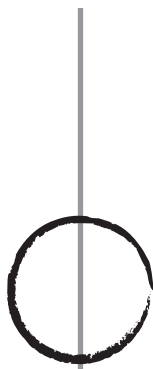

Resource Sheet

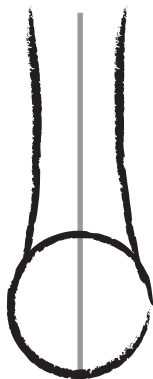

These are the three basic parts to the nose:

- a) The bridge
- b) The ball
- c) The nosterils

1

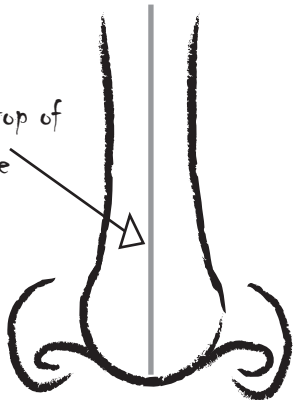

2

3

Rub out the top of the circle

Stage one:

Lightly copy the line of symmetry (diagram 1) by using a pencil

Stage two:

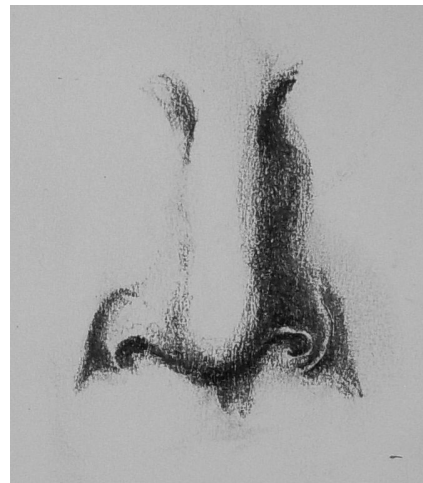

Now copy lightly the shapes on diagrams 1-3 making sure that the shapes are placed accurately

Stage three:

Use the tonal scale to shade in the the nose

4

Tip1: Use a rubber to erase areas to create highlights

Tip2: fade out the outline of the bridge to create light

Every nose is different! Look into a mirror and change the size of the bridge, ball and nosterils to create your own.
